

## Contents

### NUMBER 1 JANUARY 1996

#### Original communications

- 1 Ankle to arm index response to exercise and heat stress in healthy subjects  
*B. Desvaux, P. Abraham, D. Colin, G. Leftheriotis and J. L. Saumet*
- 9 No differential effects of porcine and human insulin on muscle sympathetic nerve activity during euglycaemia or hypoglycaemia  
*H. A. Frandsen, S. Snitker, N. J. Christensen and S. Madsbad*
- 23 Static-charge-sensitive bed ballistocardiography in cardiovascular monitoring  
*A. Lindqvist, K. Pihlajamäki, J. Jalonen, V. Laaksonen and J. Alihanka*
- 31 Transperitoneal transport of sodium during hypertonic peritoneal dialysis  
*J. Graff, S. Fugleberg, J. Brahm and N. Fogh-Andersen*
- 41 Effective role of the renin-angiotensin system in the control of prostanoid synthesis and renal function in healthy women with moderate salt depletion  
*G. C. Agnoli, R. Borgatti, M. Cacciari, E. Ikonomu, P. Lenzi and M. Marinelli*
- 61 Influence of external pressure on transcutaneous oxygen tension and laser Doppler flowmetry on sacral skin  
*D. Colin and J. L. Saumet*
- 73 Different levels of sensory neuropeptides (calcitonin gene-related peptide and substance P) during and after exercise in man  
*H. Lind, L. Brudin, L. Lindholm and L. Edvinsson*
- 83 A simple, non-invasive and inexpensive method for evaluating the displacement of local tissue surfaces: from vascular changes to muscle contraction  
*S. Roatta, F. Deriu, E. Artusio and M. Passatore*
- 95 Instructions to authors

### NUMBER 2 MARCH 1996

- 97 Letter to the Editor

#### Original communications

- 103 Effect of detergent combined with large tidal volume ventilation on alveolocapillary permeability  
*V. Taskar, P. Wollmer, E. Evander, J. John and B. Jonson*

## Contents

- 115 Classification of lung sounds in patients with asthma, emphysema, fibrosing alveolitis and healthy lungs by using self-organizing maps  
*L. P. Malmberg, K. Kallio, S. Haltsonen, T. Katila and A. R. A. Sovijärvi*
- 131 A flow model of respiration in health and disease  
*O. Nisell*
- 145 Human gallbladder pressure and volume: validation of a new direct method for measurements of gallbladder pressure in patients with acute cholecystitis  
*L. Borly, L. Højgaard, S. Grønvald and J. G. Stage*
- 157 Cardiac output and blood pressure during active and passive standing  
*H. Tanaka, B. J. Sjöberg and O. Thulesius*
- 171 Separation of pulmonary disorders with two-dimensional discriminant analysis of crackles  
*A. R. A. Sovijärvi, P. Piirilä and R. Luukkonen*
- 183 Exercise capacity in heart failure patients: relative importance of heart and skeletal muscle  
*G. Magnusson, L. Kaijser, H. Rong, B. Isberg, C. Sylvén and B. Saltin*
- 197 Instructions to authors

## NUMBER 3 MAY 1996

### Original communications

- 199 Effects of ambulation on foot oxygen tension in limbs with peripheral atherosclerosis  
*S. A. Carter*
- 209 Cardiac sympathovagal balance during sleep apnea episodes  
*E. Vanninen, A. Tuunainen, M. Kansanen, M. Uusitupa and E. Länsimies*
- 217 The concentrations of free amino acids in human liver tissue obtained during laparoscopic surgery  
*H. Barle, B. Ahlman, B. Nyberg, K. Andersson, P. Essén and J. Wernerman*
- 229 Improved gas exchange during exercise after weight loss in morbid obesity  
*K. Hakala, P. Mustajoki, J. Aittomäki and A. Sovijärvi*
- 239 Three-dimensional cross-sectional velocity distribution in the ascending aorta in cardiac patients  
*P. Kvitting, I. Hesøvik, K. Matre and L. Segadal*
- 259 Heat-washout: a new method for measuring cutaneous blood flow rate in areas with and without arteriovenous anastomoses  
*M. Midttun, P. Sejrøsen and M. Colding-Jørgensen*

## Contents

- 278 Blood flow rate in arteriovenous anastomoses and capillaries in thumb, first toe, ear lobe, and nose  
*M. Midttun and P. Sejrson*
- 291 The transport of phosphate between the plasma and dialysate compartments in peritoneal dialysis is influenced by an electric potential difference  
*J. Graff, S. Fugleberg, J. Brahm and N. Fogh-Andersen*
- 301 Smoke-derived nitric oxide and vascular prostacyclin are unable to counteract the platelet effect of increased thromboxane formation in healthy female smokers  
*C. Rångemark and Å. Wennmalm*

### Short communications

- 317 Relationships between field fitness test and basal serum testosterone and cortisol levels in soccer players  
*C. Bosco, J. Tihanyi and A. Viru*
- 323 Electrodermal activity reveals respiratory and slower rhythms of the automatic nervous system  
*J. Rittweger, M. Lambertz and P. Langhorst*

## NUMBER 4 JULY 1996

### Original communications

- 327 Dissociation of body-temperature and melatonin secretion circadian rhythms in patients with chronic fatigue syndrome  
*G. Williams, J. Pirmohamed, D. Minors, J. Waterhouse, I. Buchan, J. Arendt and R. H. T. Edwards*
- 339 Electrical restitution in diseased human ventricular myocardium  
*P. P. Nánási, A. Varró, C. Pankucsi, P. Homolay, T. K. Knilans, L. Kovács, G. J. Papp and D. A. Lathrop*
- 353 Repeatability of a rapid dosimetric method for methacholine challenge using a pocket turbine spirometer for FEV<sub>1</sub> measurements  
*J. Hedman, K. Alanko and M. M. Nieminen*
- 361 Thromboxane metabolite excretion in patients with hand/arm vibration syndrome  
*J. Nowak, L. Barregård, G. Benthin, G. Granung and Å. Wennmalm*
- 369 Plasma nitrate as an index of nitric oxide formation in man: analyses of kinetics and confounding factors  
*L. Jungersten, A. Edlund, A.-S. Petersson and Å. Wennmalm*
- 381 Comparative effects of high- and low-intensity resistance training on thigh muscle strength, fiber area, and tissue composition in elderly women  
*D. R. Taaffe, L. Pruitt, G. Pyka, D. Guido and R. Marcus*

## Contents

- 393 Effects of sodium lactate on ventilation and acid-base balance in healthy humans  
*L. Tappy, M.-C. Cayeux and R. Chioléro*
- 403 Effects of infused glucose on glycogen metabolism in healthy humans  
*P. Tounain, Ph. Schneiter, S. Henry and L. Tappy*
- 417 Simulation of re-entry in a piece of myocardial tissue: strong sensitivity to spatial and temporal conditions  
*B. Wohlfart, G. Ohlén and L. Karlsson*
- 433 Salivary  $\alpha$ -amylase as a measure of endogenous adrenergic activity  
*R. T. Chatterton, Jr., K. M. Vogelsson, Y. Lu, A. B. Ellman and G. A. Hudgens*
- 449 Ventricular repolarization is correlated with metabolic control in newly diagnosed type 2 diabetes  
*E. Vanninen, M. I. J. Uusitupa and E. Länsimies*

### Short communication

- 463 A new non-invasive method using pulse oximetry for the assessment of arterial toe pressure  
*P. Samuelsson, G. Blohmé, J. Fowelin and J. W. Eriksson*

## NUMBER 5 SEPTEMBER 1996

### Original communications

- 469 Evaluation of mitral regurgitation by pulmonary venous blood flow patterns. Relation to angiographic and haemodynamic parameters in subgroups of patients  
*D. Teien, S. Holm and K. Karp*
- 483 Assessment of left ventricular diastolic function from mitral annulus motion, a comparison with pulsed Doppler measurements in patients with heart failure  
*P. Blomstrand, O. Kongstad, M. Broqvist, U. Dahlström and B. Wranne*
- 495 Pulsatile blood flow asymmetry in paired human legs  
*H. N. Mayrovitz and P. B. Larsen*
- 507 Scientific publications from departments of clinical physiology and nuclear medicine in Denmark. A bibliometric analysis of 'impact' in the years 1989-1994  
*H. B. Hansen, K. Brinch and J. H. Henriksen*
- 521 Role of pulmonary vascular disorder in determining exercise capacity in patients with severe chronic obstructive pulmonary disease  
*T. Fujii, N. Kurihara, S. Fujimoto, K. Hirata and J. Yoshikawa*
- 535 A new device combining laser Doppler perfusion imaging and digital photography  
*S. Bornmyr, A. Mårtensson, H. Svensson, K-G. Nilsson and P. Wollmer*

## Contents

- 543 Effect of  $\beta$ -blocking agents with and without intrinsic sympathomimetic activity on work efficiency in healthy men  
*T. Mäki, H. Näveri, H. Leinonen and A. Sovijärvi*

### Technical note

- 551 Continuous non-invasive measurement of mean blood pressure in fingers by volume-clamp and differential oscillometric method  
*T. Jagomägi, J. Talts, R. Raamat and E. Länsimies*
- 561 **Addendum**

## NUMBER 6 NOVEMBER 1996

### Original communications

- 563 Haematological status in elite long-distance runners: influence of body composition  
*C. Suetta, I.-L. Kanstrup and N. Fogh-Andersen*
- 575 Non-invasive evaluation of sympathovagal balance in athletes by time and frequency domain analyses of heart rate and blood pressure variability  
*A. L. Uusitalo, K. U. O. Tahvanainen, A. J. Uusitalo and H. K. Rusko*
- 589 Comparison of hyperinsulinaemic clamp experiments using venous, 'arterialized' venous or capillary euglycaemia  
*M. A. Nauck, R. W. Blietz and C. Qualmann*
- 603 Sleep architecture as related to temperature changes in neonates at term  
*E. Tirosh, D. Bader, H. Hodgins and A. Cohen*
- 609 Different [ $^3\text{H}$ ]ouabain binding characteristics of fast and slow skeletal muscles in IDDM and NIDDM diabetic rats  
*T. Bányász and T. Kovács*
- 621 Transfer of carbon monoxide during an inspiratory pause procedure in mechanically ventilated pigs  
*F. C. A. M. te Nijenhuis, J. R. C. Jansen and A. Versprille*
- 633 Pocket-sized spirometer for monitoring bronchial challenge procedures  
*H. Keskinen, P. Piirilä, H. Nordman and M. Nurminen*
- 645 Exercise-induced changes in neuropeptide Y, noradrenaline and endothelin-1 levels in young people with type I diabetes  
*G. Ahlborg and J. M. Lundberg*
- 657 Instructions to authors
- 659 Author index: volume 16  
Volume contents: volume 16
